

ENGINEER: MECHANICAL

TIMOTHY B. HATCH, B.S.M.E., P.E.

Engineering Design & Testing Corp.

Post Office Box 690326

Houston, TX 77269-0326

Telephone: 281-469-1282

thatch@edthouston.com

EDUCATION:

1988 B.S. Mechanical Engineering, California Polytechnic State University at San Luis Obispo, CA

1985 A.A. in Engineering, Diablo Valley College, Pleasant Hill, CA

PROFESSIONAL EXPERIENCE:

1999 to present **Engineering Design & Testing Corp., Houston, TX**
Consulting Engineer. Senior consultant performing evaluation of equipment failure and industrial accidents. Work performed includes root cause analysis, damage assessment and repair/replacement cost estimating and analysis. Experience areas include petroleum refining, petrochemicals, fertilizer, electrical utilities, gas pipeline, water utilities, building materials, and other commercial/industrial mechanical systems. Directed and participated in teams of engineers in conducting detailed damage assessments of petrochemical plants following hurricanes strikes.

1988 to 1999 **Parsons Energy & Chemicals Group, Pasadena, CA**

1997 to 1999 Senior Engineer. Lead rotating equipment engineer. Responsible for the equipment selection for a variety of rotating equipment including pumps, compressors and centrifugal blowers. Generated procurement specifications, evaluated vendor equipment proposals and reviewed vendor data. Responsible for engineering-discipline coordination. Supervised engineers. Resolved and directed technical equipment selection issues. Witnessed equipment testing. Produced engineering study reports. Developed software for use by the equipment group. Performed computer training.

- 1992 to 1997 Engineer. Provided engineering support for the procurement of miscellaneous rotating equipment including industrial gas turbine driven compressor trains up to 60,000 hp and generators up to 84 MW. Extensive experience with gas turbine driven equipment and auxiliary equipment. Additional packaged equipment experience included API pumps, ANSI pumps, general-purpose pumps, metering pumps, air compressors, and diesel generators. Generated procurement specifications, evaluated vendor equipment proposals, reviewed vendor data. Responsible for engineering-discipline coordination. Witnessed equipment testing. Produced engineering study reports. Resolved technical equipment selection issues. Developed software for use by the equipment group. Performed computer training.
- 1989 to 1992 Associate Engineer. Responsible for the engineering support for the procurement of 50,000 horsepower gas turbine-driven tandem gas reinjection compressors and other miscellaneous rotating equipment. Member of an engineering study to evaluate the feasibility of applying a GE frame 6 (GE MS6001B) gas turbine for a mechanical drive application. Evaluated vendor equipment proposals. Reviewed vendor data. Inter-discipline coordination. Witnessed equipment testing. Produced engineering study reports.
- 1984 to 1985 **ENGEO, Inc., Concord, CA**
Laboratory Technician. Performed various tests on soil samples including moisture density, direct shear, unconfined compression and plasticity index.
Draftsman. Prepared figures for publication in engineering reports.

PROFESSIONAL ORGANIZATIONS:

ASME International
Society of Automotive Engineers (SAE)
ASM International
National Fire Protection Association (NFPA)

REGISTRATIONS:

Registered Professional Engineer in California (#M027811)
Registered Professional Engineer in Texas (#81685)
Registered Professional Engineer in Louisiana (#30030)
Registered Professional Engineer in New Mexico (#15667)
Registered Professional Engineer in Arizona (#37669)
Registered Professional Engineer in Missouri (#2004001368)
Registered Professional Engineer in Arkansas (#13166)
Registered Professional Engineer in Mississippi (#18724)
Registered Professional Engineer in Iowa (#19186)
Registered Professional Engineer in Ohio (#73859)
Registered Professional Engineer in Pennsylvania (#PE077382)
Registered Professional Engineer in Oklahoma (#24739)
Registered Professional Engineer in Kansas (#21344)
