EDUCATION:

1992 Bachelor of Science in Civil Engineering and Human Factors
Engineering, United States Military Academy at West Point, NY

PROFESSIONAL EXPERIENCE:

May 2007
to Present **Engineering Design & Testing Corp.**
Cleveland, Ohio

District Engineering Manager and Consulting Engineer.
Consulting in the areas of civil and structural engineering for residential, commercial, and industrial structures and sites. Services include root cause of collapsed structures, water intrusion and concrete deformation; scope of storm damage; estimate of repair; and fire origin and cause investigation.

May 2006
to April 2007 **Consulting Engineer**
Los Angeles, California

Specialized in plan review, AutoCAD drafting and plan submission in the design of residential and commercial developments, including homes, malls, access roads and parking lots. Reviewed and assisted in the approval of civil work projects involving aqueducts and flood control.

January 2003
to April 2006 **Highland Management Group, LLC**
Columbus, Ohio

Project Manager. Provided civil engineering expertise in residential and commercial construction projects. Engaged in geotechnical testing, transportation and municipal code compliance, storm and wastewater systems installation and testing, and structural design and erection. Experience in building material selection, system

requirement planning, and the municipal inspection process relating to the construction of residential housing, multi-story condominiums, single-story shopping centers, and warehouses.

June 1992
to November 2002

**U.S. Army Officer, United States Army Corps of Engineers
Various Locations**

Assignments included:

■ ***Battalion Supply Officer (Nov '01 – Nov '02):***

Responsible for integrating the computerized system of tracking and reporting known as *Force XXI*.

■ ***Force Engineer Advisor (Feb '01 – Oct '01):***

Advisor to the NATO Command in Albania in support of military operations in the province of Kosovo. Provided the engineering expertise in the identification and evaluation of substandard bridges and roads along re-supply routes. Developed the repair plan for bridges and roads and designed the replacements.

■ ***Commander, Headquarters Detachment (Nov '99 – Jan '01):***

Commanded the headquarters detachment of the First Cavalry Division's Engineer Brigade.

■ ***Assistant Brigade Engineer (Oct '98 – Oct '01):***

Provided engineering expertise in bridging, road upgrades and base camp improvement.

■ ***Commander, 515th Pipeline Company (Aug '97 – Sep '98):***

Commander of the only active duty pipeline company in the United State Army. Charged with construction of low pressure petroleum supply pipelines in support of military operations.

■ ***Assistant Operations Officer, Korea (Jun '96 – Jul '97):***

Responsible for the tracking, maintenance and repair of supply routes in the Republic of South Korea.

■ ***Engineer Officer Advanced Course (Jan '06 – May '06)***

■ ***Combat Engineer Officer, Fort Knox (Feb '93 – Dec '95):***

Supervised the training of combat engineers.

■ ***Engineer Officer Basic Course (Sep '92 – Jan '93)***
